

## LIVA STYLE CORNER SOFA BED

Thank you for purchasing our product. Please make sure to carefully check the installation materials inside the package. Before discarding the packaging, ensure that nothing is left inside.

For the acceptance of product returns:

Please return the product with the delivery note that was sent to you.

The product's original box/package must be undamaged, intact, and maintain its resellable condition. Otherwise, the damage fee will be reported to the authorized personnel of the sales platform from which you made the purchase. Packaging standards are crucial for the safe delivery of products to you.

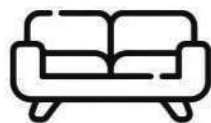

Before returning the product, if you have unpacked it, please repack it with the same standards. All standard accessories should be sent undamaged and complete, along with their original packaging. If the product's legs are assembled, they must be disassembled before returning. Returns cannot be processed for products that have been assembled.

Reclining depth with cushions	:136 cm

### Product Features

- ✓ Do not expose sofas directly to sunlight. Sunlight exposure can cause surfaces to fade.
- Fabric upholstered furniture needs to be protected
- ✓ against sharp objects, adhesives, hot substances, chemicals, and fire.
- Sitting and leaning back or stretching the products such as sofas, armchairs, and chairs can damage the skeletal structure of the products and compromise their durability.
- ✓ Fluffing and flipping the cushions of your sofa once a week can be helpful for maintaining a neat appearance.

### Cleaning

- ☹ First, you should vacuum the seams of your sofa, including the cushions, using the appropriate attachment for your vacuum cleaner. Then, detach the arms and back cushions of the sofa and vacuum the fabric surfaces on top of the frame, provided that they are vacuum-friendly.
- ☹ Add non-detergent soap to a bucket of lukewarm water and make sure it is dissolved. If you are using shampoo, be sure to check its contents.
- ☹ We recommend testing the cleaning process on a small area at the back of your sofa first.
- ☹ Please wait for the cushions and pillows to dry completely before assembling them together.
